

HOW TO OBTAIN A WORK PERMIT

ILLINOIS

Work permits are required for any child under the age of 16 in Illinois.

Hononegah Community High School no longer issues work permits. However, you will be **required** to have a “Principal’s Statement To Issuing Officer” completed prior to obtaining your work permit. This form can be found at www.hononegah.org, click “Quick Links”, “Important Forms” and “Principal Statement”. This form will need to be turned into the Student Support Services Office along with a current student record request form, which can take up to five business days to process so PLAN AHEAD!

Students may contact other local area Illinois High Schools or the Regional Office of Education in Loves Park to inquire about their process to issue work permits.

For more information on the Child Labor Law.
