Hononegah Community High School Announces a New App

For Immediate Release

Date: September 17, 2018

Rockton, IL – On September 17, 2018 Hononegah Community High School will launch a new app. This app will allow stakeholders to easily access information about Hononegah. Notifications can be set up based on individual needs so people can get real-time information on items of interest. The app will have current news, a user friendly calendar that has all of the athletic, club, building and District events, a link to our social media page, a staff directory, a board member contact page, athletic and Student Support Services information, a Food Service button which includes the ability to add funds to lunch accounts, plus an icon for Family Access.

As we strive to communicate more effectively with our stakeholders, we hope this new app will provide valuable information with the ease of technology.

We will be expanding the app as we find the most relevant information that our stakeholders are interested in seeing, so we encourage feedback about the app. The staff directory will eventually have all contact information with linkable fields for easier communication.
